AUGUST 2014

The North Hills Historic Auto Club was founded in August of 1971. Meetings are held at 7:00 p.m. on the second Sunday of each month in the school cafeteria of St. Alphonsus church located on Church Road (Rt. 19 & Rt. 910) in Wexford, unless otherwise noted in the monthly newsletter.

PRESIDENT'S MESSAGE

Hello Everyone,

I've been reading the December 1952 issue of Popular Science magazine. Under the "new tools" section there is a regulator to help control windshield wipers. This device keeps them from slapping wildly when you go down a hill. At that time, almost all cars had vacuum wipers. Another clever tool was the new "Misto-Matic". a plastic water pistol with a curved nozzle on the front end. The driver reaches out the window and squirts water or "de-icing fluid" on the windshield as the wipers work. My, how times have changed.

On another note, one of my favorite car magazines is going to bite the dust. Rod and Custom won't be published anymore. Another sign of the times.

See you soon, Jan

The Puppy in the Wheel

From <https://www.facebook.com/kerncountyfire>

“June 20, 2014, Bakersfield CA: Kern County Firefighters from station 41 located in East Bakersfield performed a unique extrication this afternoon. A puppy was stuck in the middle of a rim and was brought to the station by a local resident. Firefighters used cooking oil and creative ingenuity to free the puppy.”

Thanks to Mary Lou Swaney and Mary Jo Phillips for finding and sharing this story.
