PRESIDENT’S MESSAGE
Greetings Fellow NHHAC members!

Hope you are all doing well and have air conditioning.

Please drive your old car to the picnic on September 12 and let’s try and park to create a perfect photo op.

Make sure you have your reservations in to Jan and Bonnie Smith by September 1

See you at the picnic!

Mary Jo

*shameless promotion for my niece - If you would like farm fresh eggs from happy chickens, let me know and I'll have them at the picnic $3 a dozen Thanks :)MJ

Welcome a New and a Returning Member:

Minutes of August 10, 2021
The meeting was called to order by President, Mary Jo Phillips, followed by the Pledge of Allegiance. There were two guests present, Joe Rittler and Luke Lofink.
Secretary’s Report: There being no additions or corrections to the July 2021 meeting, a motion was made by Debbie Mueller and seconded by Marty Goetz.
Treasurer’s Report: The treasurer’s report was given by Jack Swaney with a balance of $2,580.54. a motion was made to accept the treasurer’s report by Jan Smith and seconded by George Sabina.
Wellness Report: None to report.
Old Business: Really old business, we need a secretary to take notes at the meeting and create the minutes for the newsletter.
Jan and Bonnie Smith have the food ordered for the picnic on September 12. See the newsletter for details and deadlines.
Mary Jo has contacted the Butler paper and Trib with no response to writing a story about the 50th anniversary.
July 30 at the Mars Rumble had 10 members with cars attend. Got to hang our new banner.
Meeting for October – May will be at Church of Our Savior 2405 Clearview Drive, Glenshaw, PA 15116
Steve Illsley will have lunch tours the first and third Thursdays in August. Contact him for details.
New Business:
It was decided to keep the meetings on the second Sunday of the month at 7 p.m. at Church of Our Savior
Daryl Elliott gave a presentation on the TV show “The Titans That Built America” about Walter Chrysler. Another nice job. Thanks Daryl!
You can choose the Mars Area History and Landmarks Society – the train station – as your charity on Amazon.
There being no further business, Jack Swaney motioned to adjourn the meeting.
Thanks to Jackie Sheerer for taking notes!
Submitted by Mary Jo Phillips

Unfortunately there has been a number of Spoof Fake Emails sent or received, possibly from members, asking for money or help or a response of some kind. This is becoming a “normal” occurrence, not just with us but also other contacts. Do not open any links, or attachments, or respond to any email that seems suspicious. Just DELETE IT. It is not necessary to report it to us, we can’t fix it or trace who the forger is. Protect yourself by changing your email password if it was your account that sent it out. Be very careful opening email you did not expect and do due diligence. Sometimes technology is a pain :-(( Cindy

Simeone Foundation Visit by Dave & Bobbie Carpenter
On our recent trip to the Philadelphia area, we went to see the Simeone Foundation museum of race cars near the Philly airport. They present a history of sports car racing with cars that actually raced in the world's most significant races. The 24 hours of Le Mans exhibit and especially the Ford GTs of the 60s was something to see. Every car is in running condition and on select Sundays they will take a couple out and run them around the big parking lot for demonstrations. The web site is simeonemuseum.org Here's what the museum's write up says and some photos:

"Located in Philadelphia, PA, the Simeone Foundation Automotive Museum is one of the world’s greatest collections of racing sports cars. Through our theme, “The Spirit of Competition”, we celebrate the history and evolution of these magnificent machines. Assembled over 50 years by Dr. Frederick Simeone, the Museum contains over 75 historically significant cars including Ferrari, Alfa Romeo, Bugatti, Mercedes, Jaguar, Bentley, Porsche, Aston Martin, Corvette, Ford, and more.”

Thank you to the Carpenter’s for your submission!
August 5th Lunch Tour
Tour recap by Cathy Paine: We had a beautiful day for the tour. Hope did a great job providing good directions. Steve chose smooth roads (mostly) and wonderful scenery. We had lunch at a "quaint" restaurant in Petrolia with good food and cheap prices. We stopped for ice cream on our way home.

Thank you Cathy for sharing!
August 19th Lunch Tour
Tour recap by Cathy Paine: Predictions of inclement weather caused many members to bring out their modern cars for the tour today. Only the Illsleys and the Carpenters ventured out with an old car. And the rain held off for most of the afternoon. It only rained for a short time on the way for ice cream.

Daryl Elliott’s August meeting presentation was about Walter P. Chrysler and also information from “The Titans That Built America”, a three episode program on The History Channel. The series chronicles the incredible rise and fierce rivalries of William Boeing, Walter Chrysler, JP Morgan Jr, and Pierre DuPont.

A few tidbits were:
- Walter Chrysler lived in the town of Bellevue when he was a manager at American Locomotive Company (Alco) in Pittsburgh.
- The Chrysler B-70 was marketed as an affordable luxury vehicle that could reach speeds of 70 mph. The Chrysler Six was a series of cars designated by approximate top speed.
- The DuPont Company manufactured blasting powders for explosives and a by-product was material for automotive paints which led to buying an interest in General Motors.
- Walter Chrysler built the Chrysler Building so General Motors competitor Pierre DuPont would put money into the Empire State Building.

If you are interested to see the series, it ran in the spring but is available on The History Channel. Also on Hulu, Apple TV and Amazon Prime. Thank you Daryl for your presentation!
